

Boatyard Workers

with: Bob Heyer

September 15 and 16
10:00 to 4:00

Create an exciting composition!

Bob will begin with an interpretation of the incidental figure. This will enable you to successfully integrate a figure into your landscape.

Day 1: Bob will discuss the role that edges, values, color, shape and the all important white of the paper play in the telling of your story.

Day 2: The use of strong contrast will be discussed and the information from the first session will be applied to a second painting.

This class is appropriate for intermediate and advanced students.
