

Note from Pine Shores President...

Progress!!!

Yay! The window project is underway! And there's more: Stafford is planning to move directly into replacing the sorely needed siding; more than that, they will take a good look at that pitiful excuse for a floor that we daringly walk on every day and fix/replace it if they deem it necessary! And the cherry on the cake: They hope to have it ALL done in three to four weeks!

Lots of exclamation marks, no? As you can tell, I'm very excited!!!

The only downside is that we can't get into the building at all until they've finished due to liability issues. Not a big problem though; we've moved all meetings and classes, also needed supplies, to our Tuckerton building. Fortunately, August is traditionally a slow month, so moving everything was easy.

If Stafford runs into unforeseen problems, however, and moves into September, we'll deal with that as it develops. After all, the 94 Stafford building is over 100 years old. We can cut it a little slack.
